in the bounty fraud case of the State of Utah against D. Beynon Davies, the arguments are partly made and the case will go to the jury late this afterneon. Attorney F. J. Gustin introduced only one witness for the defense, and that was C. L. Olson, who acted as the official stenographer at the preliminary hearing. Mr. Olson read from his notes the agreement which was entered into between Assistant County Attorney Hanson for the state and Jones, Martin and Hanna wherein the three men agreed to turn state's evidence in the case and take a sentence of six months in the county jail and a fine of \$500 with the provision that they should not be subject to imprisonment for failure to pay the fine and they would not be subject to any further prosecution.

AGREEMENT IGNORED. stand he denied flatly that there was any such agreement entered into, but the stenographer was called today and read the entire agreement to the jury over the protest of Dist. Attorney Loofover the protest of Dist. Attorney Loof-bourow, whose objections were overrul-ed by Judge Howell. The agreement was never carried out by the state be-cause Dist. Atty. Loofbourow, at the time the three men pleaded guilty in the district court, refused to recom-mend that they only be given six months in the county jail, and Judge Ritchie, who sentenced them, refused to recognize any such agreement ento recognize any such agreement en-tered into by the assistant county at-torney, and hence he gave the men the maximum penalty of one year in the county jail. When Olson had concluded the reading of the agreement the defence rested its case and the arguments were then commenced.

OPENING STATEMENT. Dist, Atty. Loofbourow made a brief opening argument in behalf of the state, in which he reviewed the testi-mony in the case and pointed out what he considered the most damaging evi dence against Davies, whom he said was the most guilty one of all the con-

CALLS JONES A RASCAL.

Atty. Gustin then commenced his ar gument but did not conclude it before the noon recess. An adjournment was taken until 3 o'clock at which time the arguments will be concluded and the court will deliver the instruc-tions and submit the case to the jury. Mr. Gustin paid his respects to Jones, whom he said should be in the state prison right now as he is a self-confessed perjurer, thief and all round rascal. The only thing known about these frauds, he said, is what Jones has said and aside from his testimony the state would not know that it had lost one cent on these bounties. The attorney also roundly scored the atagreement entered into with Jones, Martin and Hanna. Such an agree-ment, he said, he had never heard of

SHOULD BE TRIED FOR PERJURY He argued that Jones would do any thing on the face of the earth to con-vict Davies if he knew it would save bim from the penitentiary, and that he certainly had a motive for bargaining with the state in regard to his evidence. He thought the district attorney was no doing his duty if he did not try Jones for perjury and send him to the state prison. He urged the jury not to take Davies from his family and send him to the county jail with such flith and silve as the prison. and slime as this man Jones, and especially upon the testimony of such man who had lied repeatedly on the witness stand. He said that Jones could and did testify to more untruths than any man he had ever known, and that, too, without fear of punishment.

DAVIES ADMITTED TIPS. When the court resumed its session yesterday afternoon the evidence of Sheriff Emery in regard to the conver-sation had with Davies in the parlor of the county jail upon his arrest was admitted by the court over the objection of the attorney for the defense. The sheriff then stated that Davies admit-ted that he had received tips from Jones for handling the dirty hides presented

SOUND PRAISES OF CHRISTMAS NEWS.

President Alma D. Chambers of the Weber club, Ogden, sends the follow-ing letter to the editors of the Deseret News:

'The Christmas News is the finest special edition of a newspaper that has ever come under my observation. From the most meritorious and artistic cover to the 116th page it is, to say the least, a superb paper. The artistic taste shown in the make-up is a distinct mark of credit to the foreman and his assistants; the elaborate "write-ups" of the mining, agricultural and com-mercial interests of the states of Utah, Idaho and Nevada, are most praise-worthy, and the press work is peerless.

Congratulations to the 'News' on Eureka.—The Christmas edition of the Deseret News, when received here last Saturday night, created a great surprise to the mining men of Eureka. A few mirutes after the trains arrived, the agent's supply at this camp was exhausted.

The mining men of this camp are very proud of the way the interest of Tintic district was handled, as to truth

and veracity.

President W. D. Myers of the Mc-Kiniey Mining Co., says: "The 'News' has done a great deal to place Tintic district in its true light before the people of the United States and to show them, where the great wealth of this

where the great wealth of this great state lies.' Most of the superintendents of the principal mines of the district were interviewed by the "News" representatives yesterday and today, and all were more than pleased with the Christmas News, and especially with the manner in which is presented to the people

Telephone Company Will Open An Exchange at Red Lodge.

Word was received in this city this norning from Helena, Mont., that the supreme court of the state had just decided in favor of the Rocky Mountain Beil Telephone in the controversy between the municipality of Red Lodge City and the company relative to the establishment of a telephone exchange at that point. The city refused some time ago to allow the local establishment of a toll line and latterly to allow the company to do local business, wishing to discriminate in favor of a local company. The su-preme court decided against the municipality in the toll line case, and this morning also against it in the local exchange case.
